

GREATER PHILADELPHIA

Strategic Guidance. Stronger Nonprofits.

Join our first round of Micro Projects to make a valuable contribution to one of Greater Philadelphia's most dynamic and deserving nonprofits.

We seek professionals with expertise in consulting, strategy, finance, marketing, and organizational management to participate 2-3 hours a week from late January through May on a strategy project to support a local nonprofit client. The Micro Projects will be similar to the traditional Classic Projects that we have always offered, but with a more limited scope and a smaller consulting team. Micro Projects will bring the same value of a traditional Compass team to smaller nonprofits which have similar strategic challenges but less capacity to engage in a full Classic Project.

COMPASS HAS RECRUITED VOLUNTEERS FROM THESE LOCAL COMPANIES:

Accenture	Goldman Sachs	PwC
Baker Tilly	Haverford Trust	SEI
Blank Rome	J.P.Morgan	Slalom
Booz Allen Hamilton	Mercer	UGI
Comcast	Morgan Lewis	Vynamic
Deloitte	Navigate	ZS Assoc.

WHAT OUR VOLUNTEERS SAY:

"I have volunteered with nonprofits in the past, and this experience was different in the sense that I was working to improve the nonprofit itself rather than volunteering by performing the tasks/mission of the organization."

"Our team quickly became close and frequently met socially. The junior consultants found mentors in the more seasoned [professionals] on the team, a dynamic that only made our team stronger."
