

# BRING A COMPASS PROGRAM TO YOUR CITY

*Best for metropolitan areas with populations under 2 million.*

Expand the impact of an existing nonprofit. Compass Pro Bono partners with an established local nonprofit to bring the programming most needed in your community. You bring the partners and funding. Compass Pro Bono provides plug-and-play programming to get you started immediately.

## Step 1: Validate Community Need

Assess nonprofit needs and volunteer appetite.

## Step 2: Secure Local Operating Partner

Identify a local partner with established nonprofit and volunteer relationships to lead local program implementation

## Step 3: Bring Together Community Leaders

Secure commitments from local funders to cover 5 years of programming.

## Step 4: Launch Programming

Once steps 1-3 are completed, the program can launch in 4-6 weeks.

## Is This You?

Your metro area has a population under 2 million

You know a local nonprofit with deep volunteer and community relationships already in place

You know funders who could commit multi-year support

You want to launch quickly, without building a new organization
